

Welcome to Denver Shores! We are a mobile home community offering affordable homes in a family friendly atmosphere. We strive to have the nicest possible units for a lower cost than you will find in Mooresville, Huntersville, or Denver. We have been updating our interiors with new neutral and sharp paint and trim. We are often using new wood composite floors in the living room and many of our units have been updated with high energy efficeint heat pumps. We are a small operation, family run, and we take great care (using criminal background checks) to keep the community free from neighbors that would not fit with the family friendly atmosphere. When compared to other rentals in the same price range these units are in much better condition than others you will find.

We are in the Denver area and about 15 minutes from Mooresville and 15 - 20 from Lincolnton . We are also about 20 minutes from Huntersville and 30 minutes from Charlotte . We invite you to take a look at available rental units today.

Current availble units are below, **click the "For Rent" link above** and to the left for more pictures.
